ABOUT THE VILLAGE OF EMPRESS

The Village of Empress is located in the Palliser Economic Partnership (PEP) region of Alberta. PEP is a regional alliance of communities and agencies in Alberta Southeast that work together to enhance the area's economic well-being. Surrounded by the inspiring scenery provided by the Red Deer River hills, Empress is a vibrant, friendly community that offers an exciting blend of recreational and cultural opportunities and business services. We are proud of our quality of life and the recreational and cultural facilities we have to offer. A supportive municipal government is dedicated to creating a vibrant and prosperous community and opportunities for investment in the region continue to flourish.

OUR TOP INDUSTRIES

Agriculture

True mixed farms are now moving more to either farming or ranching as owners become more efficient at each discipline. Grain production accounts for a high percentage of land use with wheat being the main field crop in the area. Other common grains include canola, flax, barley and oats. In addition to traditional cattle operations, modern hog operations also contribute to the agricultural diversity in the region.

Oil and Gas

Shallow gas and pockets of oil prevalent through the area are main drivers of the economy in the Empress region. Highway 41, a main north-south trade corridor, leads to major oil and gas developments in the oil sands and is just west of Empress. Additionally, major and secondary paved highways supplement the area making Empress ideally situated for oil and gas industry transportation and servicing.

Tourism

Tourism has expanded as the demand for new services and unique wilderness opportunities have grown recently and it is expected to be a significant contributor to our economy in the future. With our authentic and rural remote location, we have a tourism niche to exploit. We offer lots of opportunities for new tourism operators including canoeing, hunting, fishing, hiking expeditions and much more.

Transportation

Empress is located on the border between Alberta and Saskatchewan just off of Highway 899. The Village is 137 kilometres north of the City of Medicine Hat and is in close proximity to Highway 41, a main north-south transportation artery for the oil and gas industry. Regional and commercial air services are located in Medicine Hat with the nearest international airport located in Calgary.
